A word from our President

Sarah Hickey

President

Ireland Japan Chamber of Commerce

Welcome to the Ireland Japan Chamber of Commerce.

It is a privilege to serve as President of the IJCC and to welcome you to our community. As the first female President in the Chamber's history, I am honoured to help lead the IJCC into its next chapter, building on the strong foundations laid by those who came before us.

Ireland and Japan share a relationship built on trust, innovation and mutual respect. As that relationship continues to grow, so too does the opportunity to bring people together, create new partnerships and inspire fresh ideas. The IJCC exists to help make those connections happen.

Our vision is to build an inclusive, diverse and forward-looking Chamber where everyone feels welcome and has the opportunity to contribute. We believe our greatest strength is our people. By bringing together members with different backgrounds, experiences and perspectives, we create an environment where collaboration thrives; innovation flourishes and meaningful opportunities emerge.

The IJCC is more than a business network; it is a community. Whether you are an entrepreneur, business leader, student, professional or someone with an interest in Ireland and Japan, there is a place for you here. Through our events, committees, partnerships and advocacy, we create opportunities to connect, learn and grow together.

We are proud to champion Brand Ireland while celebrating the unique strengths of Japan, fostering relationships that create lasting commercial, cultural and social value. Above all, we believe that strong relationships are at the heart of every successful business and every thriving community.

Whether you are looking to expand your business, develop your career, broaden your network or simply connect with like-minded people, I hope you will discover a community where you feel welcomed, supported and inspired.

The IJCC is shaped by its members. Every conversation, every new idea and every collaboration help define who we are and where we are going. Together, we are building a Chamber that embraces innovation, encourages positive change and reflects the energy and ambition of the modern Ireland-Japan relationship.

Thank you for taking the time to learn more about the Ireland Japan Chamber of Commerce.

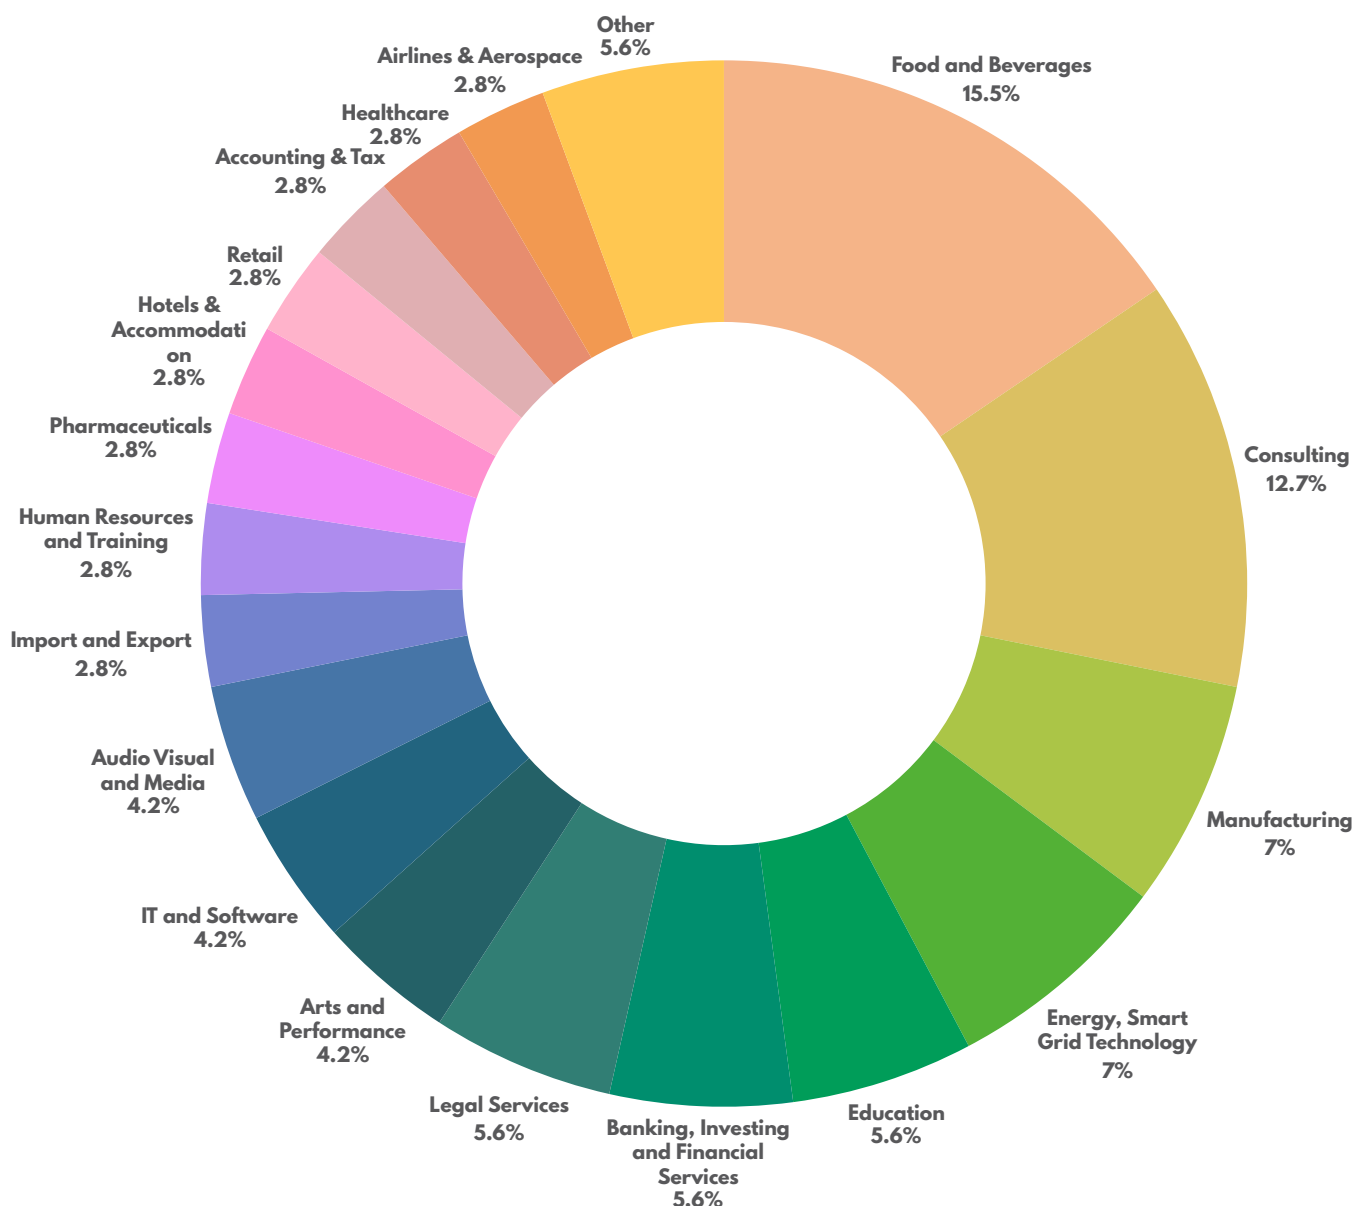

We hope to welcome you to our community and to build the future of the Ireland-Japan relationship together.

Who are we?

The IJCC's mission is to be the leading platform connecting and representing Irish and Japanese businesses and communities through networking, advocacy, and meaningful engagement.

We are a member-driven organisation that works to create opportunities of value to our members through meaningful networking and seminar events, access to relevant information, and representing and advocating for shared interests in the Ireland-Japan business community through our diverse board of directors.

Our members come from a wide range of backgrounds and industries, spanning individual professionals, students, NPOs and SMEs to large corporations, but they all share an interest in business between Ireland and Japan.
