Industry: Aircraft Leasing

About: I am from Dublin and live in Tokyo with my partner Fiona. Hobbies include playing rugby and GAA in Japan.

I graduated from University College Dublin (UCD) with a BSc in Economics and Finance and I am also qualified as a Chartered Financial Analyst (CFA). I have been working in SMBC Aviation Capital since 2014, where I have worked in a variety of roles including Strategy, Pricing and since 2017, in Aircraft Trading. SMBC Aviation Capital is an aircraft leasing company based in Dublin with two Japanese shareholders, Sumitomo Mitsui Banking Corp. (SMBC) and Sumitomo Corp (SC). Similar names but two very different companies. I moved to Tokyo in 2018 to manage the sales of aircraft into the Japanese Investor Market. I also cover the Australian and Korean markets.
