

## Ireland Japan Chamber of Commerce Sustainability Committee

### Objective

Drive positive impact in terms of social responsibility and sustainability in both the IJCC community and wider Ireland-Japan community through chamber activities.

### What we do

- Provide learning opportunities  
Host events, webinars, workshops and speaker's sessions to drive advocacy and raise awareness of sustainability among IJCC members and friends.
- Active sustainability focused collaborations  
Connect with other professionals around the theme of sustainability through the chamber's network and promote collaborations via abovementioned learning programs.
- Sharing information  
Share information in the chamber's network including best practices, the latest news and information about sustainability; particularly related to Ireland-Japan business. Monthly newsletter, website and SNS to be utilized for information sharing.
- Building partnerships between other chambers and organisations  
Cooperate with other chambers and organisations that engage with the theme of sustainability.

### Sustainability Committee members requirement

- Any IJCC members
